## About us

---

Fightpreneur is a Lebanese NGO that help kids of all ages to fight cancer through the power of entrepreneurship.

What happens during a childhood lasts a lifetime. This is why we partnered with entrepreneurs to bring the fun, joy, laughter and purpose that helps sick kids be kids.

# LOGO

We chose the name "FIGHTEPRENEUR" because we want children to fight cancer through the power of entrepreneurship.

The heart and ribbon are a representation of the act of offering somebody your heart aka your love. It generally suggests that a person is so enamored with someone or something that he/she has given away its heart.

With Fightepreneur we want to offer our hearts to work with children in need of all the love and happiness they can get to help with their healing process.

# WHY DOES HAPPINESS MATTER?

- Happiness helps sick kids feel more positive, confident and resilient
- Happiness helps sick kids cope with the pain of illness and treatment
- Happiness helps reduce fear, stress and anxiety

"Because I survived cancer I know that being seriously ill shouldn't mean missing out on the fun of childhood, especially when evidence shows happiness helps kids bounce back after going through tough times"

NICOLAS ANTYPAS - FIGHTEPRENEUR PRESIDENT

# WHY CHOOSE FIGHTEPRENEUR?

## Our Program

The Fightepreneur program is unique because sick kids will be distracted from their illness, pain and treatment.

They will feel happier and more in control. They can also better manage their pain through purpose and feel less anxious about hospital and treatment.

The ultimate aim is to have them feel an increased sense of wellbeing
