An aerial photograph of Dubai, United Arab Emirates, featuring the Burj Khalifa as the central landmark. The image shows a complex network of multi-level highways and overpasses in the foreground, with various modern skyscrapers and buildings in the background under a clear blue sky. A large black circle on the right side of the image contains white text.

Why Dubai?

Dubai is the commercial capital of United Arab Emirates. This “city of gold” provides vast business opportunities and innovative commercial modules for enterprises from around the world. International exposure and an investor-friendly government are just two of the factors that motivate entrepreneurs to start a business in Dubai.

Which is why we chose Dubai as a starting point for our future growth and business in all the GCC region.
